

## **Prayer on the Day of Her Majesty, the Queen's Platinum Jubilee, 6 February 2022**

*A special service will be held on Sunday 5 June in line with the official  
celebrations*

Loving God

Today as Her Majesty, the Queen celebrates her Platinum Jubilee we give you thanks for a long life and a long reign, for the stability and steadfastness she represents, whether times are happy and prosperous or turbulent and full of pain. We give you thanks for a monarch who led her people through the decades with serenity and nobility

You are the King of Heaven and we are all your servants, whether we are born in huts or palaces, whether we are rich or poor. As your servant, Her Majesty Elizabeth II, celebrates 70 years on the throne we remember her faithful service to you and to your church, to the country in which you placed her. You have placed a crown on her head and we pray that she may continue to rule with wisdom and grace.

You are the Lord of Hosts and all heaven and earth adore you. As your servant, Her Majesty is greeted with respect and admiration all over the world on this special day, we remember her long and dutiful reign, the ups and downs of her kingdom that she has seen and led her people through. May she continue to reign with humility and her own sense of duty.

You are the ruler of this world and all life bows to you, you have made this earth and all people in your image. As you placed your servant, Her Majesty Elizabeth II in this corner of the world we remember the trials and tribulations of her family and of this country and we pray that she may have the strength to see them through with dignity and courage.

AMEN
